

Bridging Learning Gaps
Building Confidence
Empowering Students

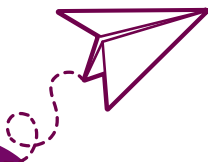

LEARNING SUPPORT PROGRAMME

Every child can learn and succeed with the right support. **FlyUp** is a school-based learning support programme designed to identify learning gaps and help students strengthen foundational skills through structured, child-friendly interventions.

- Students who struggle in reading, writing, or mathematics
- Slow comprehension and learning pace
- Poor concentration and study habits
- Low academic confidence
- Falling behind in classroom learning

Who Needs FlyUp?

OUR TEAM

A multidisciplinary team of qualified special educators, remedial trainers, psychologists, clinical psychologists and learning support professionals committed to helping every child reach their full potential.
